Statutory Auditors

The Board of Statutory Auditors has the task of providing opinion in relation to the Remuneration Policy; in particular the Board provides opinions on the remuneration of Executive Directors and Directors invested with special charges; in expressing their opinion the Board verifies the consistency of the proposals with the Remuneration Policy:

2.2. Remuneration Policies

The 2014 Remuneration Policy has remained substantially unvaried with respect to 2013, in view of the assessments made by the Remuneration and Nominating Committee at the meeting of 14 March 2014 and subsequently, on the same date, by the Board of Directors. The Remuneration Policy is intended to ensure the Company has the ability to attract, retain and motivate individuals who have professional skills and experience to pursue the achievement of the Company’s objectives. The Policy is also instrumental in aligning the interests of the Company’s management with those of the shareholders, pursuing the primary objective of the creation of value over a medium-long term period, through the creation of a strong link between remuneration and individual performance.
2.3. Remuneration of Directors

With reference to 2013 the Directors were as follows:

Mario Rizzante   Chairman and Chief Executive Officer
Tatiana Rizzante   Chief Executive Officer
Oscar Pepino   Executive Director
Claudio Bombonato   Executive Director
Daniele Angelucci   Executive Director
Filippo Rizzante   Executive Director
Fausto Forti   Non-Executive Director, Independent and Lead Independent Director
Marco Mezzalama   Non-Executive Director and Independent
Carlo Alberto Carnevale Maffè Non-Executive Director and Independent

In 2013 remuneration of Directors not invested with operational proxies is as follows:

→ 30,000 Euros for each member of the Board, as resolved by the Shareholders’ meeting of 27 April 2012.

In 2013 the remuneration of Board members of the Supervisory Body – with reference to Mr. Fausto Forti – was determined as follows:

→ 1,000 Euros for each participation in the Supervisory Body meeting.

A specific remuneration component in relation to the participation in the Committee meetings or to the execution of specific engagements not related to operational proxies is not foreseen, being the beneficiaries of the compensation only the Executive Directors that are also members of the Committee, the compensation to the Directors already takes into consideration the commitment deriving from the participation in the Committee meetings.

In line with best practices, Non-Executive Directors are not eligible for any variable form of compensation linked to the achievement of financial targets.

In line with best practice, the Company has an insurance policy on third party liability for damage inflicted by the Board of Directors (apart from the General Manager, but also Directors with Strategic Responsibilities) in performing their duties, with the aim of safeguarding the beneficiaries and the Company from any connected indemnity, excluding cases of malice or gross negligence.
2.4. Remuneration of Executive Directors

Under a legal and statutory perspective, remuneration of the Company’s Executive Directors are established in accordance with:

- Article 2389(3) of the Italian Civil Code – “The remuneration of Directors invested with special responsibilities in conformity with the by-laws is determined by the Board of Directors after consultation with the Board of Statutory Auditors”;
- Article 22(2) of the by-laws – “Directors invested with special responsibilities are entitled to share in the profits of the Company, dependent on the Consolidated Gross Operating Margin, whose quantification is established annually by the Shareholders’ meeting at the time the Financial Statements are approved”.

From the perspective of the Remuneration Policy, the remuneration of the Executive Directors is generally comprised of the following elements:

- A gross annual fixed component;
- A variable component linked to general predetermined, measurable objectives connected to the creation of value over a medium period of time. Establishing a twelve month timeframe should allow targets to be determined that are suitably consistent with the trend of the market in which the Company operates, and is consistent with the objective of aligning the interests of the Executive Directors with the pursuit of the creation of value for shareholders in the medium-long term, considering that, in the Company’s case, almost all of the Executive Directors are also shareholders of the Company.

The payment of the variable compensation is deferred in respect of when it has matured of approximately four to five months which enables a proper risk management within the Remuneration Policy of the Company.

The Board of Directors keeps in mind two factors when determining remuneration and its single components: (i) the specific proxy that each Executive Directors holds and/or (ii) the function and the role actually carried out by each Executive Director within the Company, thus ensuring that the variable component is coherent with the tasks assigned.
Under an accounting perspective, the remuneration of the Executive Directors is recorded in the Financial Statements in the year in which the services are rendered both for the fixed gross annual component and the variable component, even though payment is made through profit sharing in accordance with Article 22 of the Company By-laws; This is consistent with the International Financial Reporting Standards IAS/IFRS in as much as profit-sharing is considered to all effects as part of the remuneration and therefore the relative allocation is recorded in the Financial Statements in the year in which the Executive Directors’ services are rendered; for such reason, the proposal to attribute profit-sharing is the object of resolution by the Board of Directors at the same time as approval of the draft annual Financial Statements.

With reference to 2013,

- During the meeting of 14 March 2013 the Board of Directors approved resolutions on the Remuneration Policy for 2013, upon the proposal of the Remuneration Committee;
- The Shareholders’ meeting of 27 April 2012 approved, with a non-binding resolution, the Remuneration Report containing the Remuneration Policy;
- During the meeting of 14 March 2013, the Board of Directors, upon the proposal of the Remuneration and Nominating Committee, determined the variable component of the remuneration for the Executive Directors for 2013 by allowing profit-sharing in accordance with Article 22 of the Company’s By-laws, and at the meeting of 14 March 2014 it verified performance and made the profit-sharing proposal to be submitted to the Shareholders’ meeting, together with the relative division;
- On 16 April 2014 the Shareholders’ meeting shall be called to approve the proposal regarding the variable component of remuneration as described.

With reference to 2014, remuneration is based on the following criteria:

- The consistency between the elements as to determine remuneration and the objectives;
- The correct balance between the fixed and variable component based on the strategic objectives and risk management policy of the Company, keeping in mind the field in which it operates and the characteristics of the activities concretely carried out;
- The weight of the variable component is approximately 60% of the whole remuneration package, being understood that the fixed component must be sufficient to compensate the performance of Executive Directors in case the variable component is not paid out when performance objectives established by the Board of Directors are not achieved;
Pre-established performance targets, i.e. financial results or other specific objectives linked to the payment of the variable component, are measurable and linked to the creation of value for shareholders over the medium to long term;

The relationship between the variance of the results achieved and the variance of the remuneration is guaranteed through scaling of the variable compensation up to a maximum limit related to a scale of objectives;

Several month deferral of payment of the variable component with respect to when the compensation matures in order to enable a proper risk management of the company within the Remuneration Policy requirements.

With reference to the variable components of the remuneration for the Executive Directors, the Remuneration and Nominating Committee proposes objectives and, during the subsequent year, performance checks in order to verify whether the objectives established the previous year were achieved.

The criteria utilized in defining remuneration to Executive Directors for 2014 was established by the Board of Directors and is as follows:

→ Accrual is subordinated to the achievement of one of the accessible terms represented by the capacity of the profits of the Company;

→ Fixing of the annual margin objective represented by the Consolidated Gross Operating Margin as shown in the consolidated Financial Statements, with the identification of a minimum threshold and maximum threshold;

→ Fixing of further objectives for the Executive Directors invested with special charges in the Company;

→ Quantification of the bonus up to a pre-established maximum amount linked to the achievement of assigned objectives;

→ Allocation, in general, of the variable profit-sharing component by dividing it among those entitled to receive it, related to the Consolidated Gross Operating Margin to which Directors invested with special responsibilities are entitled pursuant to Article 22 of the Company By-laws;

The Executive Directors can also be granted other types of benefits typical of the office held and recognized within the Group to Directors having strategic responsibilities and/or managers (i.e. company car).

At present, Directors’ severance indemnity (TFM) has been allocated for Executive Directors and Managers with strategic responsibilities having analogous characteristics to employee severance indemnity (TFR) pursuant to Article 2120 of the Italian Civil Code to which the Group’s Italian managers are legally entitled.
The Board of Directors can propose to the Shareholders the adoption of the incentive mechanisms through the attribution of financial options. At present no incentive plans of this kind have been established.

The Company deems that the Remuneration Policy is consistent with the pursuit of the long-term interests of the company and its risk management.

2.5. General Managers and Directors with Strategic Responsibility

As at 14 March 2014 the role of General Manager is non existent in the Company's organization. Four Directors have Strategic Responsibility at 14 March 2014.

Remuneration to Directors with Strategic Responsibilities is composed by a fixed and variable component and established with the same principles and criteria described above for the Executive Directors. For further information see point 2.4 Remuneration to Executive Directors. Directors with Strategic Responsibilities have the right to severance indemnity (TFR) ex Art. 2120 of the Italian Civil Code. Furthermore some Directors who cover strategic positions in subsidiaries have also been assigned post termination treatment determined in the same manner as severance indemnity.

The remuneration to the Director in charge of drawing up the Financial Statements and the Internal Audit manager are in line with the tasks assigned.

2.6. Cessation of office or termination of employment

At the date of the present Report no allowance has been set in event of cessation of office or termination of employment on behalf of Executives and Directors with Strategic Responsibilities apart from what is provided by the ex law and/or the Collective labour agreement in case the persons have a dependent work contract.
