

TURBOCHARGE YOUR CLOUD INTEGRATION WITH QUICKCONNECT, CLUSTER REPLY'S AZURE INTEGRATION ACCELERATOR

INTRODUCING QuickConnect

QuickConnect is Cluster Reply's iPaaS Accelerator. Here are some key facts:

- Based on tried and tested Microsoft technology
- The distillation of 20 years' integration experience
- Provides a strong starting point for resolution of typical integration problems (performance, end point management, monitoring, governance and security)
- Delivers both an iPaaS solution and hybrid integration platform as required
- Can be deployed within 4 weeks of project start with a 'Hello World' integration up and running

Find out:

- How to deliver cloud-based integration solutions at pace, with a governance model flexible enough to adapt to your needs
- How to build robust integration solutions that prioritise customer satisfaction
- How to strengthen B2B relationships that help you increase revenue through innovation and collaboration
- How our unified approach results in solutions that accelerate time to market and enhance productivity

Gartner predicts that by 2020,

“Integration work will account for 50% of the time and cost of building a digital platform”

Get in touch now at info.cluster.uk@reply.com to find out how we can work together to deliver your integration needs.

FLEXIBLE INTEGRATION

Choosing your Integration Approach

Product

- Inflexible
- Control is seeded to the vendor
- Limited to vendor's vision
- Pay vendor consulting fees to make minor changes
- High cost in the long term

Accelerator

- **Best of both worlds**
- **Defined starting point**
- **Flexible governance model**
- **Framework up and running quickly**
- **Lowest risk option**

Bespoke Development

- Significant governance requirement
- Potential lack of organisational expertise
- High risk of non-delivery
- High cost

Cluster Reply has over 20 years' integration experience optimising business efficiency and mobile strategies. We offer a clear approach to integrating business systems both internally and externally. Our integration solutions are designed using the latest, innovative Microsoft technologies and can be deployed on-premises, as a hybrid solution, or in the cloud.

Whether you are looking to upgrade BizTalk on-premises, migrate BizTalk on-premises to Azure or adopt an Azure integration approach, Cluster Reply has the knowledge and experience to help you achieve your goals.
