

Cloud Readiness Check

Assess your cloud readiness in one day – gain clarity and a clear path forward.

Customer Challenges

What holds enterprises back from migrating?

- **Limited Cloud Readiness View:** Organizations lack a structured view of their readiness across business and IT dimensions.
- **Stakeholder Misalignment Slows Progress:** Business, IT, security, and operations teams often pursue migration with conflicting priorities.
- **Hidden Gaps Cause Delays:** Skills shortages, governance gaps, and tooling deficits surface too late in the journey.
- **Unclear Migration Start Point:** Without a baseline assessment, planning timelines and budgets becomes guesswork.

Customer Benefits

What you gain from the Cloud Readiness Check

- **360° Readiness Baseline:** Evaluate maturity across all six AWS Cloud Adoption Framework (AWS CAF) perspectives in a single workshop.
- **Executive Alignment from Day 1:** Build consensus among business and technical stakeholders before migration.
- **Actionable Prioritized Roadmap:** Receive a tailored action plan with owners, timelines, and clear next steps.
- **Reduced Migration Risk:** Identify and mitigate blockers early and reducing time-to-migration by up to 30%.

How Storm Reply delivers the Cloud Readiness Check

As an AWS Premier Tier Partner, Storm Reply facilitates the Cloud Readiness Check using the AWS Cloud Adoption Framework (CAF) – tailored to your industry, compliance needs, and migration ambitions.

- Stakeholder Discovery & Prep – **Scoping & Alignment**
Identify key participants and tailor the CAF question set.
- Readiness Workshop – **Cross-Functional Assessment**
Facilitate a 1 day interactive dialogue across all six CAF perspectives.
- Analysis & Readiness Scoring – **Heatmaps & Radar Charts**
Produce visual readiness outputs and gap analysis across 24 areas.
- Leadership Debrief & Roadmap – **Actionable Next Steps**
Present findings with a prioritized plan feeding into AWS Migration Acceleration Program (MAP) phase 2: Mobilize.

Success Story: SOPTIM AG

Challenge: SOPTIM, an energy ISV, lacked cloud readiness across people, portfolio, and platform – blocking their SaaS transformation on AWS.

Solution: Storm Reply delivered the AWS MAP Assess and Mobilize phases, closing readiness gaps and building a Cloud Center of Excellence.

Result: SOPTIM established a landing zone, trained staff for AWS certifications, and launched their first cloud-native PoC on AWS.
